FYPON® FAST FACTS

CRAFTSMAN-STYLE CROSSHEADS

Style, Performance, Service. That's the Fypon® advantage.

## TIMELESS STYLE

Fypon Craftsman-style Crossheads complement a variety of architectural home styles, adding an on-trend look. Our Craftsman Cove Crosshead features authentic Arts & Crafts charm, and our Craftsman Step Crosshead emphasizes the elements of early Craftsman-style homes.

## TRIMMABLE

- Longer available lengths can be measured and cut to the exact size needed at the jobsite – reducing the requirement of placing two pieces together and eliminating the need for patching.
- Easy to install – just measure, cut, glue and screw.
- Optional Craftsman Cove End Caps overlap the breast board, concealing installation screws.

## READY-TO-INSTALL

- Product is ordered in the exact size needed for your project with End Caps already attached, allowing for quick and easy installation.

## TRIMMABLE CROSSHEAD FEATURES

- Available in widths measuring 36", 48", 144" and 216".
- The Trimmable Craftsman Cove Crosshead is available in 9" height, with optional End Caps.
  - End Caps are available in widths measuring 3 ½" and 5 ½" to complement standard trim sizes.
- The Trimmable Craftsman Step Crosshead is available in heights measuring 6" and 8".

9" Craftsman Cove Trimmable Crosshead

6" or 8" Craftsman Step Trimmable Crosshead

3 ½" End Cap

5 ½" End Cap
