

Style, Performance, Service. That's the Fypon® advantage.

VERSATILE AND AUTHENTIC

New Fypon Rafter Tails feature a Rough Sawn Cedar finish, providing a more authentic look. Five new profile designs – Straight, Cove, Slant, Bullnose and Scroll – were carefully selected to complement a variety of architectural home styles, including Craftsman, Prairie, Modern Farmhouse, Mediterranean and Southwest.

FEATURES

- Our Rafter Tails were designed to fit over structural lumber, measuring 2" x 4" or 2" x 6", to protect against the elements. They can also be used to add a purely decorative touch to any home.
- The Rough Sawn Cedar grain is so realistic, it's hard to distinguish from real wood.
- Rafter Tails come primed and can be stained or painted to complement a home's architectural details.

BENEFITS

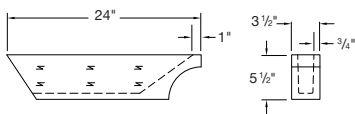

- Crafted from durable polyurethane, Fypon Rafter Tails are lightweight and easy to install.
- They are insect- and moisture-resistant, and won't warp, crack, rot or split.
- Backed by a lifetime limited warranty.

SIZES

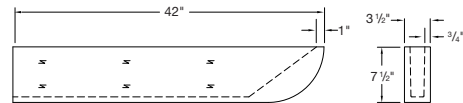

- Available in heights measuring 5.5" (6" nominal) and 7.5" (8" nominal).
- Six projections / lengths are available, including 12", 18", 24", 30"*, 36"*, and 42"*. *
- Optional back cut pitch angles include 4/12, 6/12, 8/12, 10/12 and 12/12.
- Available quantities: 4 pack and 10 pack.

Part Number Logic (Pitch required):

BMRTC4X6X24RSP8-10PK

1 Profile	2 Size	3 Pitch	4 Pack Quantity
CV = Cove	4" width	4/12 = P4	4 = 4 Pack
ST = Straight	6" height	6/12 = P6	10 = 10 Pack
SL = Slant	12", 18", 24"	8/12 = P8	
BL = Bullnose	30", 36" and	10/12 = P10	
SC = Scroll	42" projections	12/12 = P12	

Part Number Logic (No Pitch needed):

BMRTBL4X8X42RS-4PK

1 Profile	2 Size	3 Pack Quantity
CV = Cove	4" width	4 = 4 Pack
ST = Straight	8" height	10 = 10 Pack
SL = Slant	12", 18", 24"	
BL = Bullnose	30", 36" and 42" projections	
SC = Scroll		

*Longer Rafter Tails are only available in pack quantities of 4.
